PROFILE

As a highly motivated and creative college student with a passion for digital media, I am seeking opportunities to utilize my graphic design and video editing skills in a professional environment. I aim to contribute to meaningful projects, collaborate with dynamic teams, and continuously grow as a graphic designer and video editor.

RELEVANT SKILLS:

- Proficient in Adobe Photoshop, Illustrator, with an extensive portfolio showcasing eye-catching and captivating graphic design work.
- Skilled in video editing software, such as Adobe Premiere Pro and Wondershare Filmora, demonstrated by managing a successful YouTube channel with over a hundred thousand viewers.
- Strong understanding of visual aesthetics, layout, and composition to create compelling and impactful media content.
- Knowledge of current design trends and ability to adapt designs to target specific audiences effectively.
- Excellent communication and collaboration skills, enabling seamless teamwork and project management.
- Detail-oriented with a keen eye for perfection, ensuring high-quality deliverables.

PROJECTS:

College Events Committee

- Played a pivotal role in designing promotional posters for numerous college events, contributing to the overall success and attendance of the activities.
- Collaborated with fellow committee members to brainstorm creative ideas and align designs with event themes and objectives.
- Effectively managed time and resources to deliver posters within tight deadlines while maintaining exceptional quality.
-

YouTube Content Creator

- Successfully managed and grew a YouTube channel with over a hundred thousand subscribers, curating engaging and compelling video content on various topics.
- Demonstrated expertise in video editing, incorporating animations, graphics, and special effects to create visually appealing and captivating videos.
- Fostered collaborations with brands for sponsored content, ensuring seamless brand integration while maintaining authenticity and audience engagement.
- Analyzed performance metrics and audience feedback to continually improve content and enhance viewer satisfaction.
